CLI.

Magis utilis hæc est.

Hic stat, ferre potens structas in tergore turres,
Aduena de Libycis bellua vasta plagis.
Enixa ast illic facunda sub ilice fatum,
Pinguis, & à cæno sordida porca iacet;
Aspicit assistens attentâ mente colonus,
Iudicioque animal pensat vtrumque suo.

Optio, & hanc malim, si mihi nostra datur,
Magna quidem moles elephas, spectataque miros
Clamores passim, plebe stupente, facit.
Fertur enim bello, sævis & idoneus armis;
Magnumque in magno corpore robur inest.
